## Retainer Services, Without Retainer Prices

Enterprise legal teams are responsible for solving a wide array of legal issues, but even sizable teams don't have the experience or resources to handle every issue. Often, enterprises need legal support beyond what their internal teams can provide, but keeping external law firms on retainer for the occasional question quickly adds up.

### KEY CHALLENGES

- Ever-changing legislative requirements
- Overworked internal legal teams
- Reliance on noncertified legal resources

## Protect Your Business

SyncHR Legal Services provides enterprise customers with a 24/7 connection to licensed attorneys, without retainer prices. Our managed legal services offer mid-and-enterprise organizations unlimited access to personalized, attorney-privileged insight within two hours, so your legal team can make rapid, informed decisions on any legal issue.

With SyncHR's Legal Services, you'll have on-demand access to accountable legal resources to get answers to pressing legal questions, draft essential documents, and reduce the workload on your internal team.

## Who is SyncHR

SyncHR is a next-generation human capital management solution to help growing enterprises operate in the new era of HR. SyncHR's innovative design and patented technology allows our clients to operate with the necessary speed, intelligent automation, and HR science for running a successful high-velocity business.
